HIGH PERFORMANCE CCTV POWER

Featuring slimline metalwork (2RU), high density removable output terminal blocks and comprehensive Surge Suppression MOV Networks, Slimline Pro-Series 24V AC Rack Mount Power Supplies from Tactical Technologies have been designed from the ground up, to be class leaders in the increasingly complex CCTV & Security industries.

Australian designed and manufactured to comply with stringent new Electrical Safety & EMI Regulations, the Slimline Pro-Series is available in either 10 or 20A ratings.

Each unit incorporates 10, 20 or 40 short circuit protected outputs, with individual front panel circuit status LEDs and common fault relay output for each output group for connection to an alarm system or DVR aux input, ensuring that cable faults do not go unnoticed.

Offering outstanding operational performance in an attractive, rack resource conservative package, the Slimline Pro-Series from Tactical Technologies is the ultimate in no compromise CCTV power solutions.

No Compromise, High Power Design

RPS24-20-D40-2RU (20A, 40 Outputs) Shown

TECHNICAL SPECIFICATIONS

Model	Output	Channels	Weight	Dimensions
RPS24-10-D10-2RU	24V AC @ 10 A	10 x 1A Outputs	7Kg	89H x 483W x 270D mm
RPS24-10-D20-2RU	24V AC @ 10 A	20 x 0.5A Outputs	7Kg	89H x 483W x 270D mm
RPS24-10-D40-2RU	24V AC @ 10 A	40 x 0.25A Outputs	7Kg	89H x 483W x 270D mm
RPS24-20-D20-2RU	24V AC @ 20 A	20 x 1A Outputs	10Kg	89H x 483W x 270D mm
RPS24-20-D40-2RU	24V AC @ 20 A	40 x 0.5A Outputs	10Kg	89H x 483W x 270D mm
