

# 13.8V DC 1 A POWER SUPPLY MODULE

The PS13-1B, Linear Regulated Power Supply from Tactical Technologies has been designed to provide 13.8V DC nominal at 1A.

PS13-1B features an onboard battery charger with LED indication to show the presence of DC.

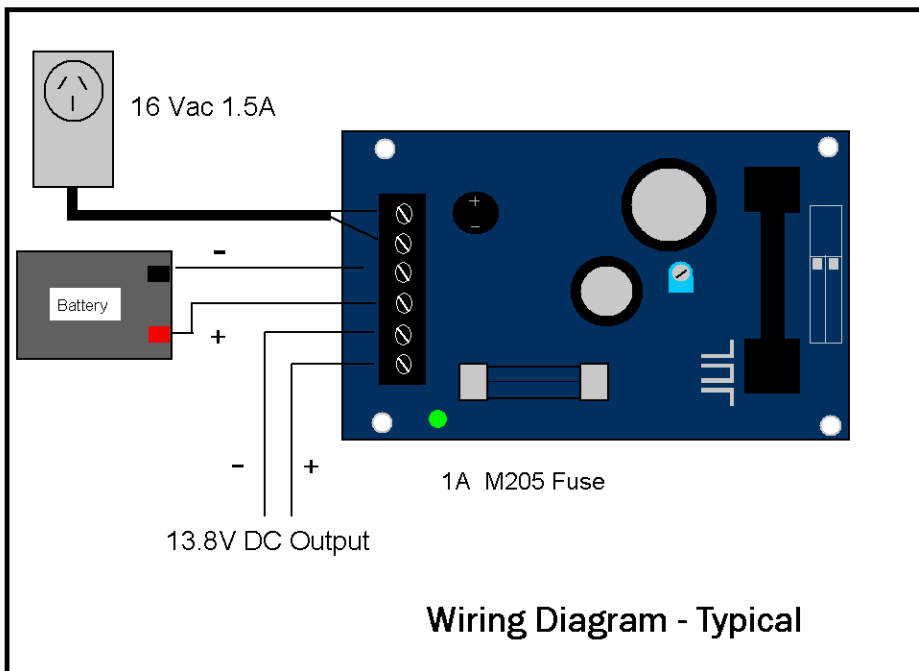

Housed in a powder coated steel enclosure (large enough to house a 1.2AH or 4AH Sealed Lead Acid Battery) and supplied with an approved 16V AC 1A Plug Pack, PS13-1B has output short circuit protection via a 1A, M205 Fuse - if replacement is required, use only the correct fuse.

## WARRANTY STATEMENT

Tactical Technologies Pty Limited guarantees this product against defective parts and workmanship for a period of twelve (12) months from date of purchase. If any defect appears during the warranty period, return the goods to Tactical Technologies Pty Limited postage paid. Tactical Technologies Pty Limited assumes no liability for consequential or indirect damage and accepts no responsibility for repairing damage to products caused by misuse, careless handling, or where repairs have been made by others. In the interest of ongoing product development Tactical Technologies Pty Limited reserves the right to modify, vary or alter the design of this product without written notice.
