Engineered and manufactured in Australia to cater for our traditionally harsh operating environment and to exceed demanding new regulatory requirements, the new TPS24AC Series provides a comprehensive, state-of-the-art CCTV power solution which is second to none.

Housed in rugged powder coated steel enclosures with high efficiency Toroidal Transformers, TPS24AC Series Models have been designed to perform where others may fail.

Flexibility of installation & ease of service were considered paramount from inception, with configurations ranging from 2A to 20A, featuring 1, 2, 4, 10 or 20 individual fused outputs (model dependant) - each with LED circuit status indicators and a common alarm relay output, the TPS24AC Series incorporates solid state MOV Surge Suppression Networks and IEC Mains Inputs with integrated primary side fuse holders 7 removable power leads (in all multi-output models).

Completely new 2 output & 4 output models have been introduced to cater for the high current requirements of installations incorporating PTZ & environmental accessories such as heaters, blowers, wipers & IR Illuminators.

Low Profile 19" Rackmount Models also available

Model	Description	Model	Description
TPS24-2A	24Vac 2A in Cabinet [224x130x80mm] 1 x 2A fused	TPS24-6AC-BD-4	24Vac 6A in Cabinet [310x240x60mm] 4 x 1.5A fused
TPS24-3AC	24Vac 3A in Cabinet [224x130x80mm] 1 x 3A fused	TPS24-6AC-BD-10	24Vac 6A in Cabinet [310x240x60mm] 10 x 0.6A fused
TPS24-3AC-BD-2	24Vac 3A in Cabinet [310x240x60mm] 2 x 1.5A fused	TPS24-10BD	24Vac 10A in Cabinet [310x240x60mm] 10 x 1A fused
TPS24-3AC-BD-4	24Vac 3A in Cabinet [310x240x60mm] 4 x 750mA fused	TPS24-10BD-2	24Vac 10A in Cabinet [310x240x60mm] 2 x 5A fused
TPS24-3AC-BD-10	24Vac 3A in Cabinet [310x240x60mm] 10 x 300mA fused	TPS24-10BD-4	24Vac 10A in Cabinet [310x240x60mm] 4 x 2.5A fused
TPS24-4AC	24Vac 4A in Cabinet [224x130x80mm] 1 x 4A fused	TPS24-10BD-10R	24Vac 10A in Cabinet [310x240x60mm] 10 x 1A reset.
TPS24-4AC-BD-2	24Vac 4A in Cabinet [310x240x60mm] 2 x 2A fused	TPS24-10BD-20	24Vac 10A in Cabinet [310x240x60mm] 20 x 0.5A fused
TPS24-4AC-BD-4	24Vac 4A in Cabinet [310x240x60mm] 4 x 1A fused	TPS24-10BD-20R	24Vac 10A in Cabinet [310x240x60mm] 20 x 0.5A reset.
TPS24-4AC-BD-10	24Vac 4A in Cabinet [310x240x60mm] 10 x 400mA fused	TPS24-20AC-BD-4	24Vac 20A in Cabinet [340x290x105mm] 4 x 5A fused
TPS24-6AC	24Vac 6A in Cabinet [224x130x80mm] 1 x 6A fused	TPS24-20AC-BD-10	24Vac 20A in Cabinet [340x290x105mm] 10 x 2A fused
TPS24-6AC-BD-2	24Vac 6A in Cabinet [310x240x60mm] 2 x 3A fused	TPS24-20AC-BD-20	24Vac 20A in Cabinet [340x290x105mm] 20 x 1A fused
